

NAF Wants You!

Attention academy seniors! NAF wants you to be part of our national network of tens of thousands of alumni across the country. **February is student sign up month.**

Academy alums are college and grad school students, business owners, and employees of major companies like Morgan Stanley Smith Barney, KPMG, Google, and Marriott.

Academy alums are community advocates, mentors to NAF students and some are even NAF academy educators. More than 100 NAF alumni serve on local NAF academy advisory boards.
