Election Day

Becoming a registered voter is just a small part of your role in the election.

- Make sure your family and friends are registered to vote. Feel free to share this toolkit with anyone who needs more information.

- On the days leading up to the election, be sure to learn about each candidate’s platform. Tune into the presidential debates and read non-biased articles that review the candidate’s values to be an informed voter.

- The last step is to show up on election day. Every vote counts! You have a chance to voice your opinion on what you want to see for our future. If your time allows, become a poll worker to help things run smoothly at the polling site.

Whether you vote via absentee ballot or in person, NAF thanks you in advance for voting in the 2020 election.
