Help Design the Future of NAFTrack Certification

February – June 2021 | \$500 Stipend | 10 educators

NAF is working on updates to our NAFTrack Certification to better represent the wide variety of journeys NAF students take to plan their futures. Join us to help update NAFTrack Certification for a post-Covid world.

Commitment: Join two live virtual design sessions to provide your input (approximately 2.5 hours each) + help us prototype and build upon the ideas we generate during those sessions.

Nepris – Try a virtual work-based learning app

February – June 2021 | Free software license | 12 educators

Try out the [Nepris virtual work-based learning platform](#) where you can join industry offered virtual chats or request a virtual guest speaker for your classroom. We have 12 licenses available for NAF educators to help you get connected to business professionals at no cost to you.

Commitment: Join a live training on the Nepris platform, try it with your students, and share feedback on how it went.

NAF Teacher Advisory Council – Share your input on rotating topics

February – June 2021 | \$50 gift card for each monthly session you attend | 10-20 educators

NAF has several teams looking for educator feedback on topics like redesigning ASH, finding great resources for virtual teaching, sharing success stories from your academies, and more. We're launching NAF's Teacher Advisory Council to gather educator input on this rotating list of topics. The Teacher Advisory Council will meet monthly for 60-90 minutes and you'll earn a \$50 gift card for each session you attend.
